RELIGIOUS NOTICES.

ST. PETER'S CHURCH.—Services to-day at 11 A. M. and 7 P. M.: Sunday school after morning service. Rev. S. P. Kelly will officiate.

M. E. CHURCH.—A. H. Tavis, Pastor. Class meeting at 12 M.; Sabbath school at 2 P. M.; Sabbath school concert at 7 P. M. No morning services, as the congregation will worship with the Presbyterians.

PRESBYTERIAN CHURCH.—Rev. John Laird.—Services to-day at 11 A. M. and 7 P. M.; Sabbath School at 12:15 P. M. All are cordially invited.

SUPERINTENDENT CRAWFORD IN WASHINGTON.—Mr. J. M. Scanlan, who will be favorably remembered as connected at one time with the Carson Appeal as a compositor and Legislative reporter, sends us a copy of the Washington Chronicle of Feb. 17, which contains the following: Hon. Jas. Crawford, superintendent of the mint at Carson, Nevada, is on an official visit to this city and is the guest of the Owen house. Mr. Crawford is a native of Kentucky, and crossed the plains with an ox team in 1852. On the site now occupied as a mint building in Carson he and four others killed a bear and scalped an Indian on the 13th day of February, 1852, and he did not think then it was a good location for a mint. He is an accomplished officer, a gay bachelor in the prime of life, and every inch a man.

THE NEW PRESBYTERIAN CHURCH (It is about as good as new,) having been refitted entire in the inside—replastered, repainted, resealed and newly carpeted and cushioned in fine style, will be occupied to-day for the first time since the repairs. In the evening it will be lighted by gas. This church building is now very attractive, and the society evidently has taken a fresh start on the road to prosperity. We are glad to note this and wish them the realization of their fondest hopes.

THE THREATEN was well filled last evening on the occasion of the appearance here of the Murphy Combination Troupe. It was the combination with Joe Murphy left out. This occasioned some disappointment and dissatisfaction. The "Skidmore Guards" was now given. We are not advised as to the future movements of the troupe.

REDUCING EXPENSES.—The Chronicle says the Virginia and Truckee Railroad is reducing expenses. Until lately the rule has been to run trains of seven loaded cars to one locomotive; now the trains are made up of fourteen cars drawn by two locomotives. By this means the company is able to dispense with one conductor and one brakeman on each train.

ST. PATRICK'S DAY.—Our fellow citizens of Irish birth propose to give a grand ball on the 17th of March. On the occasion they propose to have an oration and poem previous to the dancing. We shall refer to this matter again when we learn further particulars.

HON. THOMAS FITCH and wife arrived in Carson from San Francisco yesterday and we understand will make this place their residence.

TOO MUCH CENTENNIAL.

A Skirmish Between the Editor of the Appeal and W. Frank Stewart.

Our readers are aware that there has been a pretty lively discussion in the newspapers in relation to the action of the Board of Centennial Commissioners of this State, and in which discussion the editor of the APPEAL has taken a prominent part. It seems that the reference in the discussion to W. Frank Stewart in this paper of yesterday gave offense to that gentleman. He had just returned here from San Francisco, and meeting the editor on Carson street, in front of Willis' drug store, took exception to what he considered the disrespectful remarks concerning himself in the newspaper article referred to. Not having witnessed the affray which followed, nor having had any conversation in relation to the affair with either of the gentlemen engaged therein, (the editor being absent from his post and off duty since the unfortunate occurrence), we can only give the incidents as reported to us by other parties. A demand was made by Mr. Stewart that such reference to him in the APPEAL as complained of should cease. The editor replied that he should write as he pleased and asked what he (Stewart) proposed to do about it. The answer was a threat of personal chastisement. A blow with the fist on the face of Mr. Stewart was then given, immediately followed by Mr. Stewart striking the editor on the head with a cane. By-standers then interfered and separated the contending parties. Angry words were exchanged after this, but no further violence. We understand that both gentlemen engaged in the affray have since come to a mutual and amicable understanding in relation to the matter and are at least as friendly as heretofore. Neither party received any serious injury.

THE NORTH CARSON MINE.—Superintendent Gould reports as follows: On Monday next we will open our station on the 250 foot level, the sets being already prepared. The bottom of the shaft is in decomposed granite, seamed with quartz. The coming week we propose to commence drifting on the 200 foot level. We are still working the north drift (on the 100 foot level); the ore vein therein, which has followed us steadily thus far, is now, at 120 feet, pitching to the east. The prospects fully warrant the belief that we have a mine even more valuable than the most sanguine of the company anticipated; and now all we want is to hurry up our new hoisting works. The mine is thrown open for inspection every Sunday.

THE PROPOSED NEW COUNTY JAIL.—Elsewhere in the APPEAL of this morning will be found an advertisement for sealed proposals for building a new county jail. Bids must be filed with the County Clerk by the 31 day of April—five weeks from to-morrow.

CORSON.—The Methodist Sabbath School Concert will take place this evening at the M. E. Church. The programme of exercises is said to be excellent, and the school is a large one.

JOE ROSENSTOCK returned yesterday from a trip to San Francisco.

Washington Items.

WASHINGTON, February 25.—The Republican Senators had a caucus to-day on the bill to restore to the pension roll the names of all pensioners dropped for participating in the rebellion. The caucus decided that as the bill allows the payment of arrears of pensioners during the past fourteen or fifteen years, which are estimated to amount to several million dollars, the bill ought not to be passed in the present condition of the Treasury. This action will secure its defeat in the Senate.

The Senate to-day confirmed D. J. Barrow of Nebraska as United States Consul at Dublin and John M. Wilson Consul at Hamburg.

The internal revenue collections for the first six months of the fiscal year show an increase of \$1,040,000 as compared with last year.

ONE OF THE HANLON BROTHERS HERE. A New York dispatch of February 25th brings the following:

While the Hanlon Brothers and Viollette, wife of one of them, were going through the trapeze performance at the Park Theater, Brooklyn, last night, the brothers fell to the stage, a distance of fifteen feet, and one of them was probably fatally injured.

A PAINFUL ACCIDENT.—David Taylor, who has been employed on the Palisade and Eureka Railroad, met with a painful accident at Palisade yesterday. His foot was caught between the turn-table and track, while the table was in motion, and was crushed between the rails. He came here on last evening's passenger train and is now as comfortable as could be expected under the circumstances. (Silver State, Feb. 25.)

LATEST TELEGRAMS.

We copy as follows from last evening's Gold Hill News:

San Francisco, Feb. 26.—A proposition to increase the capital of the Daney mine to \$10,800,000 will be submitted to the stockholders March 29th.

An assessment of 50 cents per share is levied on the Pioche mine, delinquent April 6th.

A two mile and repeat, and a three mile and repeat race will come off on the 4th and 11th of March at the Bay District grounds. Hockhocking, Golden Gate and others will run.

Gilmore, the Boston Jubilee man, is going to give a monster concert in this city, and yesterday his agent secured the Mechanics' Pavilion for the purpose.

The celebrated thoroughbred stallion Woodburn, belonging to J. A. Hall of Alameda, is reported to have become infected with glanders and had to be killed in order to save the remainder of his horses.

Brooklyn, Feb. 26.—Rev. Fred. Bell makes a full statement to the Brooklyn Eagle this afternoon in answer to and in refutation of charges made a few days ago against him by Mr. Morris, a member of his church.

Minister Schenck Vindicated by Secretary Fish

Washington, February 25.—The Secretary of State, in his communication to the House Committee on Foreign Affairs, in reference to General Schenck's connection with the Emma mine, says: "On November 27, 1871, General Schenck addressed a telegram to the department giving his reasons for becoming a director and offering to withdraw from the board or take such course as should be advised. To this telegram a reply was sent on the following day to the effect that although it was the privilege of every citizen to invest in such honest enterprises as he deemed proper, the advertisement of the name of a diplomatic representative as the director of a company seeking to dispose of its shares in the country to which he was accredited was ill-advised, unfortunate, and calculated to subject him to criticism; that it was assumed he was no party to the publication, and concluding with the earnest advice to withdraw his name from the management of the company. General Schenck thereupon withdrew from the board. Upon December 20 General Schenck addressed a telegram to the department in reference to a dispatch which had appeared in the London Times referring to a resolution of inquiry said to have been adopted in the Senate, desiring to know whether it had reference to him and expressing his readiness for an investigation. General Schenck further refers to some proceedings on the part of such committee in his letter of January 10. As no such resolution of inquiry had come to this department a reply was sent to the dispatch above referred to to that effect on the following day, and the telegram was understood to manifest the readiness of General Schenck to at once meet any investigation and demonstrate the sincerity of his convictions in the value of the enterprise in which he had invested. As the resolution of the House makes reference to the action of the Executive Department on this question, I deemed it due to Schenck, as a public officer who has had various and important public trusts, and who has for many years occupied a prominent position before the country, to further state that the course adopted in the department growing out of these facts was based on the conviction that while the use of the name of a Minister of the United States in such an enterprise was inconsistent with his position, at the same time that Schenck had been guilty of no wrong purpose or intent in connecting himself with the company in question. I am further satisfied that he, in common with many others, became a sufferer thereby." The Secretary then responds to that part of the resolution asking information concerning the action taken by the Executive Department concerning the connection of the Minister in England with the prosecution of the Machado claims against the British Government. He gives the history of the case and concludes by saying: "So far as the reflections which have been cast on Minister Schenck because of the prosecution of these claims, or because of the presentation of them by him to the British Government, a sense of justice compels me to say that I am satisfied that such reflections are unjust, and that Schenck is open to no imputations whatever arising therefrom."

THAT GIANT Fossil.—Last week a correspondent informed us the petrified remains of a gigantic human being had been discovered in a ravine north-west from the Humboldt House, in the Antelope range. Yesterday Henry Jenkins and Robert St. Clair were in town and confirmed the report. They say the fossil was found in a deep ravine where it had been washed or exposed by a cloud burst. (Silver State, Feb. 25.)

"TURKEY," says an exchange, "would prove a regular gold mine for the other European powers." Yes, indeed—another Caliph-ornia.—New York Commercial Advertiser. Ottoman to jest in that way? When one makes Porte of the misfortunes of another, he ought to have Visier cut off. (Boston Advertiser.)

Hardware! Hardware! Hardware! Call and examine the large assortment of goods at E. B. RAIL'S. Oiling Pumps, Side-hill Pumps, Breaking Pumps, extras for Pumps; Stoves of all kinds; also the celebrated Medallion Range, Crockery and Glassware, Paints and Oils, Bar fixtures, Coal Oil, Chemical and Rubber Paints, Gas fixtures; Doors, Windows, Blinds, etc., etc., all of which he offers low down for cash.

THE FAVORITE.—The Bank Exchange Saloon corner of King and Ormsby streets, is becoming the favorite resort of this city. The great attraction is Frederickburg Beer, while the best of wines, liquors and cigars are also sold at the bar. A first class *Patro Game* for the amusement of guests, a cold lunch at all hours and hearty good cheer for all are its recommendations to public favor. R. R. Brown is the proprietor.

A CARD.

THERE HAS BEEN A FALSE rumor spread that

OLCOVICH BROTHERS

Will sell this spring Fifteen Yards of Carson for One Dollar. This is not so, and we are authorized to state that they will continue to sell their Cheek and Best Prints

16 Yards for One Dollar.

They will also sell, until further notice, Louisiana Muslin, 12 1/2 yds for 24c; White Rock Muslin, 12 1/2 yds for 24c; Canton Flannel, a good article, 12 1/2 yds for 24c. And all other goods in proportion.

The story of Olcoovich Brothers has always been registering the prices of Dry Goods, for this whole State, and it is certainly to the advantage of everybody to trade there. We would advise the officers of the State to pay attention to the prices of that particular firm, as we are convinced that this
